

Alternative Medicine

The CIGNA HealthCare program for Maricopa County

The CIGNA HealthCare program for Maricopa County employees and dependents participating in the CIGNA HealthCare benefit plan includes a special benefit for alternative medicine services. This in-network benefit offers up to twenty (20) visits (without a referral) per plan year to a CIGNA HealthCare designated alternative medicine network. The following information describes the covered alternative medicine services benefit and how to access these services.

What is Alternative Medicine?

Alternative Medicine encompasses a broad spectrum of services not generally performed or practiced within conventional medicine. The alternative medicine services benefit under your CIGNA HealthCare benefit plan includes coverage for certain, but not all, types of alternative medicine treatment and services.

Covered Services

Covered Alternative Medicine Services include only those services described in the CIGNA HealthCare benefit plan as generally summarized to the right, which are provided in-network by a Designated Alternative Medicine Center. Coverage is limited to twenty (20) self-referral visits per contract year. Your Primary Care Physician (PCP) copay is required at each of the twenty (20) self-referral visits (under the CIGNA HSA plan, you will have a \$15 copay per visit).

Where are Services Provided?

Alternative Medicine Services are covered under your plan when provided or performed at Designated Alternative Medicine Centers (facilities with doctors and practitioners with which CIGNA HealthCare has contracted to have Alternative Medicine Services provided). Alternative Medicine Services provided to a participant by a facility, doctor, or practitioner that is not a CIGNA HealthCare Designated Alternative Medicine Center will not be covered or reimbursed.

Please see your CIGNA Healthcare benefit plan for specific detail on covered expenses and exclusions.

Covered Services

- Physical Medicine
